ADDENDUM B
Policy : Annual Adoption of Statement of Investment

I. PURPOSE:

A. This Statement of Investment Policy sets forth the investment guidelines for all of Palomar Health’s ("the District’s") investments purchased after March 1, 1996. The purpose of this policy is to ensure that the District’s funds are prudently invested according to the Board of Director’s objectives to preserve capital, provide necessary liquidity and to achieve a market-average rate of return through economic cycles.

B. The District may invest any portion of its Investable Funds, subject to the requirements of the California Government Code and this policy. If the provisions of the Government Code are or become more restrictive than those contained herein, such provisions shall govern, and are deemed incorporated into this policy upon taking effect.

C. Government Code Section 53600 et seq., authorizes local agencies to make investments in specified vehicles with money in a sinking fund of, or surplus money in, its treasury not required for the immediate needs of the agency.

D. The District is a "local agency" subject to the provision of Government Code Section 53600 et seq., which recommends that the District's Board of Directors annually adopt a statement of its investment policy, and to consider any delegation of authority to make investments on its behalf by the Chief Financial Officer.

E. The Board of Directors of the District now desires to formally adopt this statement of investment policy, and to redelegate to the Chief Financial Officer responsibility for all decisions regarding the sale or purchase of individual investments on behalf of the District.

II. DEFINITIONS:

A. Safety of Principal. Safety of principal is the foremost objective of the District. The safety and risk associated with an investment refers to the potential loss of principal, interest or a combination of these amounts. Each investment transaction shall seek to ensure that capital losses are avoided, whether from institutional default, broker-dealer default, or erosion of market value of securities. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

B. Liquidity. Liquidity is the second most important objective of the District. Liquidity refers to the ability to "cash in" at any moment in time with a minimal chance of losing some portion of principal or interest. Liquidity is an important investment quality especially when the need for unexpected funds occasionally occurs. The investment portfolio shall remain sufficiently liquid to enable the District to meet all operating requirements that might be reasonably anticipated.

C. Yield. Yield is the potential dollar earnings an investment can provide, and it is sometimes described as the rate of return. Within the limits of safety and liquidity, the District shall strive toward portfolio growth that exceeds the rate of inflation in order to preserve capital.

D. Investable Funds. Moneys in a sinking fund or moneys in its treasury not required for the immediate needs of the District.

III. TEXT / STANDARDS OF PRACTICE:

A. Delegation of Authority to Chief Financial Officer; Procedures to Implement Investment Policy

1. Delegation of authority to Chief Financial Officer: The District’s Chief Financial Officer is delegated responsibility for all decisions regarding the sale or purchase of individual investments on behalf of the District. This delegation shall be reviewed annually by the Board through the Finance Committee. Any re-delegation shall be recorded in the minutes of those meetings. No person may engage in an investment transaction except as provided under the terms of this policy and any other procedures established by the Chief Financial Officer. The Chief Financial Officer shall be responsible for all actions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

B. This policy will be reviewed and updated as required or at least every year.

C. Document History:

1. Original Document Date: 7/14/95; Revision Number: 1 Dated: 6/06
2. Prior to 2006, this Policy was Board Policy 10-513
Paper copies of this document may not be current and should not be relied on for official purposes. The current version is in Lucidoc at https://www.lucidoc.com/cgi/doc-gw.pl?ref=pphealth:27092.
ADDENDUM C
Policy: Board Dispute Resolution Policy

Purpose
The Palomar Health Board of Directors ("Board") adopts this policy ("Board Dispute Resolution Policy"), which recognizes the Board’s collective responsibility to manage disputes in a timely, constructive manner.

Disputes will arise. Dispute resolution techniques encourage discussion, debate, and the free flow of ideas. Throughout a dispute cycle, interpersonal skills assist directors to engage each other constructively and manage tensions. Chief among these skills are effective communication, respect for cultural sensitivities, consensus building, managing emotions, and constructive disagreement.

Article I. DEFINITIONS

A. Effective Communication: Effective communicators exchanging ideas, thoughts, opinions, knowledge, and data so that the message is received and understood with clarity and purpose.

B. Consensus Building: Consensus builders undertake a good-faith effort to meet the interests of all stakeholders and seek unanimous agreement.

C. Managing Emotions: Those who self-regulate and effectively manage the emotions of those who surround them de-amplify conflict by creating space for many voices to feel heard and respected.

D. Constructive Disagreement: Stakeholders constructively disagree when they take ownership over issues and debate them with an aim toward resolution and problem-solving for the improvement of the organization as a whole.

Article II. BOARD MEMBER COMMITMENT TO DISPUTE RESOLUTION

A. Palomar Board members will endeavor to employ the above interpersonal dispute resolution skills with members of the administration, staff, each other, and the public. For purposes of resolving conflict among individual board members or factions of the Board, the below alternative dispute resolution ("ADR") procedures may be invoked and employed at any time, in coordination with Palomar’s legal team led by its Chief Legal Officer or General Counsel, or equivalent position (“Legal”), to ensure compliance with the Ralph M. Brown Act (Government Code sections 54950-54963, referred to as the “Brown Act”) open meeting requirements.

Article III. RESORT TO THIRD-PARTY NEUTRAL

A. What is ADR
   1. ADR is a framework of voluntary and amicable procedures for resolving governance disputes more quickly and at less cost than by using traditional litigation tactics or approaches. ADR procedures include negotiation, mediation, and arbitration.

B. Negotiation
   1. An interactive process in which two or more parties with differing interests seek agreement.

C. Mediation
   1. A voluntary, usually confidential process in which an impartial third party (mediator) assists the disputing parties toward a negotiated agreement. The parties in mediation craft the terms of an agreement by consensus, and the agreement may be enforced as a contract.

D. Arbitration
1. A proceeding voluntarily chosen by parties who want the settlement of a dispute determined by an impartial arbitrator of their own mutual selection. The parties agree in advance that the arbitrator’s decision, based on the case merits, will be final and binding. If the parties choose nonbinding arbitration, they retain the right to bring a claim before a court.

E. Upon the recommendation of Legal, the Board may vote by simple majority to employ any external negotiator, mediator, consultant, standing neutral, or arbitrator in a Board dispute. Such independent third parties or dispute resolution experts may help prevent or dissipate disputes by facilitating Board discussion. Should any individual Board member or faction of the Board seek resort to such third-party dispute resolution procedures, the interested Board member(s) will duly inform Legal in accordance with Brown Act notice and serial meeting requirements, and provide the basis for the request in writing. Such request shall be evaluated by Legal in consultation with the Board Chair. Given the requirements of the Brown Act, such a request and the procedures selected by Legal shall ensure compliance with the Brown Act; as such, the procedure may not be kept confidential in accordance traditional ADR processes and principles, and each Board member acknowledges the same.
